

Locker Systems

Locker arrangements can be designed as stand alone units or can be setup to work in conjunction with a Security Asset Manager.™

Laptop lockers come in a variety of sizes and provide access for your network and power sources.

Smart Storage

Standard or custom built, electronically controlled lockers can be modified any number of ways to accommodate the needs of your facility. Firearms, medical equipment, shop tools, expensive electronics, etc. – our locker solutions are in place around the world controlling local and distributed access to a range of high-value assets in all shapes and sizes.
